Integrate with  
any other CQ  
applications

### Configurability

Create forms from scratch and configure them by adding or mapping fields and upload logos easily for an intuitive user-experience that meets your business needs.

### Fill Forms Anywhere, Anytime including Offline Access:

The forms can be accessed from anywhere, anytime. In case of no network, data can be collected offline and retrieved when network is available.

### Integration of Workflows:

CQ Forms integrates seamlessly with other CQ Modules such as audits, inspections, and supplier to capture additional information that can be retrieved easily.

### Digital Signature:

The forms allow the adding of Digital Signs, improving accountability and making them admissible for regulatory purposes.

## Key Use Cases - Support the Entire Organization

### Safety Inspections

Effortlessly conduct inspections on the factory floor

### Batch Collections

Easy collection of batch details for early detection of nonconformances and tracking post-marketing.

### Audits

Record observations and ensure compliance during regulation checks.

### Digital SOPs

Collection data as a part of your digital process.

### Case Report Forms

Collect data on the study participants during clinical trials, including their medical history, demographics, and treatment information.

### Supplier Interaction Forms

Gather information about suppliers proposal forms to ensure they meet quality and delivery requirements of the organization.

## Benefits of CQ Forms

- **Improved Operational Efficiency:** Shift from paper & spreadsheets to CQ Form to automate tasks and reduce manual data entry
- **Enhanced Workforce Productivity:** Create forms, collaborate, and gain additional information. Prevent delays and complete tasks faster.
- **Increased Speed of Operations:** Save time and accelerate overall operations by setting standard fields, pre-populated and picklists for prompt data entry and submission.
- **Consistency and Completeness:** Create forms and set mandatory fields to ensure completeness of the information.
- **Expanding Processes:** Link Forms easily with other solutions like Audits, Inspections, etc. to improve processes and productivity.
