

Safety Intelligent Analytics

Unlock the power of **CQ's Safety Intelligent Analytics Solution** to analyze historical data, identify trends, and facilitate informed decision-making. Transform data into actionable insights, ensure proactive safety, and mitigate risks with ease.

MAKE IT EASY FOR YOUR SAFETY TEAM TO RUN A DATA-DRIVEN PROCESS WITH CQ'S SAFETY INTELLIGENT ANALYTICS SOLUTION. TRACK ALL SAFETY METRICS IN REAL-TIME, CONTINUOUS BASIS.

ComplianceQuest recently conducted a survey with 150 safety leaders from across high-risk and medium-risk industries. 36% of respondents believe that safety management is still very compliance-oriented. With a more data-driven approach of tracking, monitoring, and continuous improvement, proactive mitigation of safety risks will increase.

The question is: Is there an easy way for decision-makers to analyze safety data? That is where CQ's Safety Intelligent Analytics Solution comes in handy.

CQ Safety Intelligent Analytics is your pre-configured and comprehensive dashboard for **real-time safety data monitoring**. This indispensable companion **simplifies data analysis, trend identification, and informed decision-making**, empowering you to transform raw data into actionable insights.

Whether you're in high-risk or medium-risk industries, CQ's Safety Intelligent Analytics Solution **ensures proactive safety measures and risk mitigation with ease**.

Our solution ensures the following becomes easier:

- Actionable Insights for Data-Driven Safety
- Holistic Oversight for Proactive Risk Mitigation
- Effortless Tracking of Leading and Lagging Indicators for Safety Program Excellence

Management

Approve support, budget, and resources to your safety team to proactively minimize safety risks and increase safety with better access to leading and lagging indicators of safety programs.

Support Your
Entire Organization

Safety Leaders and Professionals

Safety Intelligent Analytics Solution delivers a 360-degree view of your safety program's performance. Seamlessly monitor vital indicators and take decisive actions to elevate safety outcomes and exceed your safety goals.

CQ Safety Intelligent Analytics Solutions - Key Features

Pre-configured and comprehensive dashboards for Incident analysis

Continuous monitoring of status of key safety initiatives

Real-time monitoring of safety data

Data-driven risk management

Easy and intuitive safety data analysis

Track KPIs

Actionable insights and recommendations

Trend Analysis

Next-steps planning

With CQ Safety Intelligent Analytics, you can get the following capabilities:

Global View

Dive into country-specific, location-specific safety data. Understand what the key safety risks are and stay on top of the status of all your safety programs/initiatives.

Granular View

Drill down to the plant/location level to spot opportunities and risks.

Incident Analysis

Analyze various types of incidents to prevent future incidents. Pull up data and go from data to insight without wasting time.

Track KPIs

Track Lagging and Leading Indicators like DART rate, LTIR, TCIR, and Days Away, Incidents by root cause, CAPA closure rate, etc.

Trend Analysis

Get trends with Injury Heat Maps and Trend Lines. This is extremely useful to proactively address risks.

Transparency & Accountability

Ensure accountability by analyzing CAPAs and their closure rates. Drive efficiency and agility into your safety processes.

Achieve Your Quest for Digital Operations

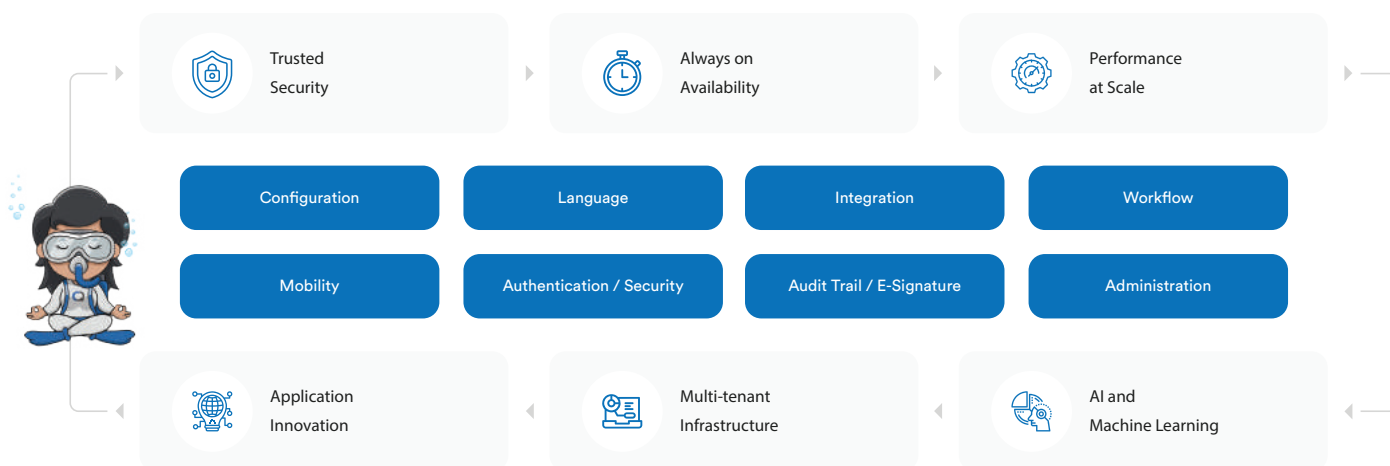

CQ intelligently automates operations from product innovation to customer success

CQ Solutions Powered by Platform

100% modern cloud infrastructure supports innovation

ComplianceQuest is a 100% native force.com application suite. As such, ComplianceQuest solutions inherit all attributes of the Salesforce platform.

About ComplianceQuest

Transform to a fully connected business with a **next-generation AI-powered Product Lifecycle, Quality, Safety, and Supplier Management platform, built on Salesforce**. Our connected suite of solutions helps businesses of all sizes increase quality, safety and efficiency as they bring their products from concept to customer success. Our intelligent data-driven platform comes with best-in-class integrated processes to mitigate risks, protecting your employees, suppliers and brand reputation, and to increase innovation, compliance, profit and customer loyalty. ComplianceQuest is pre-validated and easy to implement, use, and maintain, allowing for streamlined communication and collaboration across the product value chain.
